

LEARNING CIRCLE

# Learning Circle

## NEWSLETTER ISSUE NO. 2

### ABOUT

The Learning Circle project supports entrepreneurs and promotes the circular economy entrepreneurship.

### WHAT WE OFFER:

Learning Circle will provide an in-service training programme for VET tutors to develop their knowledge about the circular economy and also their digital and pedagogic skills to work in online environments. For those wanting to engage in the circular economy or who just want to learn more about the topic, Learning Circle will offer two sets of EduZines (Educational Magazines) and Interactive Infographics for circular economy business models and for innovative circular economy entrepreneurs. All of these resources will be available in the Learning Circle platform where anyone can freely access them.

### FOR LEARNERS

With the Learning Circle EduZines you will learn:

#### Essential topics of the circular economy

Circular Supplies or Closed Loop Recycling  
Resource Recovery or Down-Cycling  
Product Life Extension or Up-cycling  
Sharing Platforms or Industrial Symbiosis  
Product as a Service

#### Essential skills to become a successful entrepreneur

Creative thinking  
Problem solving  
Leadership & Team management  
Innovation management  
Agile management  
Strategic planning  
Risk management  
Business model development

### FOR TUTORS

With the Learning Circle In-service Training, you will learn:

#### The basics of the circular economy

#### Digital and pedagogic skills for interactive online environments

## TRAINING EVENT IN CYPRUS

From May 24th to May 26th 2022, the first Learning Circle training event took place in Nicosia, Cyprus.

During the event, VET professionals from every partner country had the opportunity to develop their knowledge on the circular economy.

## TRANSNATIONAL MEETING

On June 16th 2022, the consortium held their first face-to-face meeting since the project began. Partners met in Santander, Spain, with some partners who couldn't attend the physical meeting joining online. We discussed the progress of the project during its first year and planned future activities.

## WHAT'S NEXT?

Partners are finalising the resources and will start translating them into all partner languages. We will also hold the second training event in Germany focusing on the development of the digital and pedagogic skills of VET tutors. Don't forget to follow us to keep up to date with the project.
